St. Louis, August 25.—A dispatch from Fort Hays, Kansas, dated the 23d, says: A courier has just arrived from Captain Ames, with dispatches to Capt. Corbin, to the affect that Ames had a severe battle with 800 Indians, under Statant, on the Republican river. Their village was two sniles long. Captain Ames charged twice through their wigwams. The savages fonght desperately; three of our men were killed and twenty-five wounded, and thirty horses were lost. The Indians lost severely, but finally repulsed our troops. Our dead were-let on the field. There was an immense amount of stolen stock in days. Two of the men killed belonged to the Kansas cavairy, and one to the 12th regulars. Captain Ames had 125 men. A strong force under Major Elilott, and some Kansas cavairy under Major Moore, leave for the Indian village, in light marching order, this morning. A severe battle is anticipated. We have not enough troops here.

COMMERCIAL AND FINANCIAL. Haltimore Live Stock Market, Baltimore, August 22. RECEIPTS FOR THE WEEK.

The offerings of Cattle at the Scales this week amount to 957 head, which coupares with 1190 last week, and 130s the corresponding week of last year; 932 head, which compares with 1027 sold last week, and 878 the corresponding week of last year, and were as follows:

In the early part of the week there was considerable excitement manifestication of a short supply of cattle, and the principal part of the droves changed hands as fast as they arrived, at advanced rates. Subsequent arrivals, however, proved sufficient for the demand, and although the market opened this morning quite brisk, and buoyed up by the presence of a number of Eastern speculators, when the droves were all in it was evident that the advances ought could not be realized. Statements are so conflicting that it is difficult to arrive at the exact state of the market, but by a comparison of the prices to-day, with those obtained last week, a slight advance is the most natural conclusion. The quality of the offerings, however, which is much better to-day than for several weeks previous, must also be taken into consideration. Stock cattle are scarce, and we are without quotations, except for common helfers, which brought 5@5½ cents. In the early part of the week there

THE SWINE MARKET.

The arrivals of Hogs at the various yards this week have been unusually large, amounting to 6,709 head, against 3,841 lust week.

REMARKS

The large supply during this week, together with a limited demand, has caused an unusually dull market for Hogs, and although there is no change in quotations, there is an evident tendency downward in prices. At the close to-day, sales are reported very slow and difficult to make at the quotations below:

QUOTATIONS.

QUOTATIONS.

McClelland & Logan quote Hogs at 10a10½c, with a full supply and dull. Gray & Judik quote Hogs at 10a10½c, with a full supply and dull sales. Tinker & Mapel anote Hogs at 10½a 10½c, and sales slow.

Sam. Wilbelm & Co., quote Hogs at 9¾a10½c, net, with a full supply and market dull. market dull.

THE SHEEP MARKET.

The arrivals of sheep at the various yards during the week have been light, amounting to only 1,361 head, agains 3,938 head last week.

REMARKS. REMARKS.

With a very light supply of sheep and a good demand, the market this week has ruled brisk, and prices in consequence have shown an upward tendency. Good fat sheep continue to come forward very slowly, and we note an active demand for these at improved rates, while stock sheep remain unchanged.

QUOTATIONS.

QUOTATIONS. Tinker & Mapel quote fits sheep at 4½ a5½ per pound, and stock sheep at \$2a 2 50 per head. Samuel Wilhelm & Co. quote sheep at 45½ 6. Samuel Frankenstein & Son quote sheep as follows, viz: \$3 00a5 00 per head for fat; \$2 00a3 00 do. for stock, and \$2 50a4 00 for lambs.

PETROLEO-CALCIUM GAS.

ONE OF THE MOST VALUABLE IMprovements of the age it the process of
manufacturing gas by the Petroleo-Calcium
Gas Company, of Wheeling. West Va., upon
patents of Dr. J. H. Connelly, from an almost valueless product of Petroleon Oil,
(residumn,) in combination with time,
or Hime coid cool, so simple that two
any farm band or stable boy of ordinary the
telligence in three hours. It has been
thoroughly tested upon such a scale, at the
country residence of Mr. J. P. Gilchrist, near
the same city, as to fix the certainty of its affording entirely satisfactory results in the
production of small and large quantities of
Gas, and can be with great economy applied
tories and Oilies. It is superior to any Gas
now in use, not only as to the safety, simplicity, practicability and great cheapness of
manufacture, but for its superior brillancy,
soft influence upon the sight, and freedom
from the sulphurous odors common to Gas.
These facts the officers of the company
will take pleasure in demonstrating to shose
the company will still rights to manufacture.

TESTIMONIELIS: PETROLEO-CALCIUM GAS.

TESTIMONIELS: WHEELING, W. Va., Aug. 6, 1867. To the President of the Petroleo-Calcium Gas Co. To the President of the Petroleo-Calcium Gos Co-Sib.—We have thoroughly and carefully investigated the c nstruction and workings of the apparatus for manifacturing Gas, ac-cording to your company's patents, and the combinations of materials used, as now working upon the McLure House in this city, and country residence of J. P. Gilchrist, Eag., near this city. For simplicity, dura-bility, economy and safety, we consider it superior to any other method of manufac-turing Gas that we are acquainted with. We cheerfully recommend its adoption by all Gas consumers.
